Birla White has received "Platinum Award" Under Apex India Occupational Health & Safety Award 2022

We are delighted and proud to inform you that Birla White has been awarded the most prestigious Platinum Award in the cement sector for the first time, following three rounds of scrutiny by highly experienced jury members.

Our application got shortlisted in the 1st round, which led us to the 2nd round where we did a virtual showcase of the entire plant and safety practices followed across the organization followed by a presentation in front of jury members through remotely covering all the aspect of Occupational Health & Safety Excellence.

This prestigious award recognizes our decades of contribution and dedication to improving our occupational health and safety culture by maintaining the highest safety management standards.
